

## Custom DC Casting Systems from Wagstaff

Wagstaff, Inc. is a 62-year-old manufacturing company that provides customized, advanced aluminium direct-chill solidification technology to rolling ingot and extrusion billet producers worldwide. Customers include Alcoa, Chalco, EMAL, Kaiser, RUSAL, Vedanta, to name a few.

Wagstaff offers:

- casting machines
- mold tables
- process automation
- rolling ingot tooling
- extrusion billet tooling
- molten metal level control
- worldwide service and support

Wagstaff has commissioned over 800 billet systems, 350 ingot casting systems, 100 ShurCast™ Casting Machines and 150 AutoCast™ Automated Casting Control Systems in 54 countries.

To provide the best service possible, regional representatives for both sales and technical services are located in strategic locations around the world, including Russia, China, and the Middle East.
