

STANDARDS ACTION REPORT
FEBRUARY, 2010

RECENT STANDARDS ACTIONS

NEW ALLOY AND PRODUCT STANDARD REGISTRATION AND REVISIONS

The Aluminum Association completed registration of three new wrought aluminum alloys designated 2624, 6460A, 7042 and 7255; and concluded registration of 2195-T82 plate product.

NEW PROJECT ANNOUNCEMENT

Following is a list of new projects initiated for review by The Aluminum Association's Technical Committee on Product Standards, since the last report. All parties that could be affected are welcome to comment on individual proposals:

International Alloy Registrations

<u>Project No.</u>	<u>Subject</u>
PN09-60	Request for Registration of a New Aluminum Hardener Alloy, Al-Ti1.7% - B 1.4%
PN09-61	Request for Registration of a New Aluminum Hardener Alloy, Al-Sr5%
PN09-62	Request for Registration of a New Aluminum Hardener Alloy, Al-Sr20%
PN09-64	Request for Registration of a New Aluminum Hardener Alloy, Al-Be1%
PN09-65	Request for Registration of a New Aluminum Hardener Alloy, Al-Be2.5%
PN09-66	Request for Registration of a New Aluminum Hardener Alloy, Al-Mg68%
PN09-67	Request for Registration of a New Aluminum Hardener Alloy, Al-Bi10%

Sheet & Plate

<u>Project No.</u>	<u>Subject</u>
PS10-100	Questions Regarding Table 7.17, Flatness Tolerances-Flat Sheet

Extrusion

<u>Project No.</u>	<u>Subject</u>
PS09-109	Elongation Values for 6082, ASD and ASD (M)
PS10-101	Questions Regarding Tolerance in Table 11.2-Cross Sectional Dimension Tolerance-Profiles

Miscellaneous

<u>Project No.</u>	<u>Subject</u>
PN09-76	Proposed Revisions to Appendix 'A' of Teal Sheets
PN09-77	Proposed Revisions to Color Code Scheme in the Gray Sheets

STANDARDS MEETINGS

April 20, 2010	Subcommittee on Alloy and Temper Registrations
April 20-21, 2010	Technical Committee on Product Standards

The majority of the Association's standards activities are carried out by the Technical Committee on Product Standards (TCPS) in accordance with The Aluminum Association procedures governing these activities. Product Divisions may also form technical committees to work on specific standards that affect their products. For example, the Electrical Division has a Task Group of AA Representatives on National Electrical Code Panels.

Member companies are welcome and encouraged to participate in these standards activities. Participation can take many forms from commenting on an individual proposed standard to naming a representative to serve on TCPS. The only requirement for representatives is that they actively participate by commenting on projects, returning ballots, and attending meetings. To request a copy of a project or to discuss placing a representative on TCPS, contact Parvaneh Shafiee at (703) 358-2990.
