Data contained in this report are not entirely comparable due to changes in participating companies.

This report is prepared by the Aluminum Association, based on the results of quarterly and annual surveys. The figures in this report are not representative of total industry shipments. The participating companies are shown on page two of this report. While the Association believes that its statistical procedures and methods are reliable, it does not warrant the accuracy or completeness of the data. All data contained herein are subject to revision. © The Aluminum Association, Inc.
